NEW TAX REGIME

NEW: Tax treatment of the VAT system

Depending on the incoterms or on the value of the shipment, a different VAT treatment is required.

The United Kingdom government has released a new VAT regulation that transfers the responsibility for accounting of VAT, for shipments of goods less than £ 135, to the point of sale. Shipper must apply for a United Kingdom EORI number for direct VAT debit.

For more details on the new VAT regulation issued by the United Kingdom government, please refer to the following link:

- Senders must apply for an EORI number - <https://www.gov.uk/eori>
- Senders must also register and pay United Kingdom taxes

SUPPORTING DOCUMENTATION

In the webpages of International Business services (published on the website www.poste.it), product documentation and information on customs documentation for non-EU shipments are available in the «customs assistance» section

In a nutshell, what must be remembered for shipments of **Goods and Materials that cannot be classified as Documents**, in non-EU countries, is to always attach:

- Invoice (proforma or commercial) in English with an accurate description of the content of the shipment
- Free Export Declaration, carefully filled in and completed with the required data

SHIPMENTS TO NON-EU COUNTRIES

The accurate description of the content for GOODS shipments is critical to the customs clearance process

- Allows to speed up the customs clearance of the shipment

Furthermore:

- Always include the recipient's e-mail address and telephone number;
- Provide the United Kingdom VAT number and the Commercial Invoice in English (generally, customs documents are required in English)
